## Important Notice to Annual Subscribers of One Guinea and Upwards

Annual Subscribers, by filling up the following "Form of Agreement," will enable the Hospital to recover Income Tax on their contributions, and will themselves be entitled to deduct the gross amount of their subscriptions from their super-tax returns.

**FOR EXAMPLE:**—In the case of an annual subscriber of 10 Guineas (other amounts are in proportion—*see table overleaf*):—

- (a) He sends to the Hospital his usual cheque for 10 Guineas and with it a certificate that he has paid Income Tax on £13 10s. 11d. (*The Hospital can supply forms of certificate if desired*).
- (b) The Hospital can recover £3 0s. 11d. (Income Tax) from Somerset House.
- (c) The subscription is shown in the Hospitals list as £13 10s. 11d.
- (d) The subscriber is entitled to deduct £13 10s. 11d. from his super-tax return.

# TABLE

Shewing the results of the procedure described on the preceding page

Annual Subscription	Income Tax recoverable by Hospital (at present rate)	Subscription shown in Hospital's Accounts as:—
£1 1 0	£0 6 1	£1 7 1

10 10 0	3 0 11	13 10 11
100 0 0	29 0 7	129 0 7

It will be evident from the above figures that at no extra cost to themselves (but rather, if liable to super-tax, to their personal advantage) subscribers can increase the value **to the Hospital** of their contributions by no less than 29%

## To Our Friends—

We earnestly invite your consideration of the following :-

AS the List of Subscriptions is not nearly commensurate with the size and importance of the District served by the Hospital, present Subscribers are earnestly requested to induce those of their friends who do not contribute to the funds of the Hospital to become Annual Subscribers, and thus assist the Managers by assuring them a larger *permanent* income. The Honorary Treasurer will be very grateful for the Names and Addresses of those, not already contributing, who are likely to subscribe to the Hospital.

# Twenty-Third Annual Report

For the Year ended 31st December, 1935

## TO THE SUBSCRIBERS

LADIES AND GENTLEMEN,

The Hospital has had a busy year and the Managers have reason to be deeply grateful for the loyal support which has been forthcoming from its staff and many friends. The work in the general wards has been steadily maintained, the numbers of casualties and X-Ray examinations show considerable increases and during its first complete calendar year the new wing has proved itself to be filling a long felt need.

The total cost of the new wing as it stands, together with the extensions to the old building, is £19,316 5s. 1d. towards which £14,046 2s. 4d. had been received by 31st December.

## Radium

During the year 1935, 18 patients (15 in the Private Wards and 3 in the General Wards) were treated by irradiation. In the majority of cases great improvement has resulted and the outlook is considered good.

## Board and Committee Meetings

The Board of Managers and the Visiting, House and Finance (or "House") Committee have met each month, except in August, throughout the year, and the average attendance at the meetings of the Board for 1935 was 14.

## Medical and Surgical Staff

Only one addition to the Staff of Honorary Medical Officers has been made during the year—that of Dr. Neilson Davie of Golders Green.

## Board of Managers

At the meeting of the Board of Managers immediately following the Annual General Meeting of Subscribers it was unanimously agreed to invite the following persons to become members of the Board :—

Mrs. M. L. Jacks, Mrs. Charles Latham, Mrs. Maughan and Mr. (now Councillor) C. F. Windust.

Mrs. Maughan and Councillor Windust are well-known for their hard work on behalf of the Hospital as members of the Fête Committee.

## Inspection

The Hospital was inspected on 30th May, by Mr. C. H. Fagge, M.S., F.R.C.S., and Miss M. E. Sparshott, C.B.E., R.R.C., the visitors appointed for that purpose by King Edward's Hospital Fund for London.

## Finance

All accounts in respect of the new private wing, including its equipment, and of the extensions to the old building, have been paid. Part of these has been met by a loan from Barclays Bank and a small proportion has been met by the sale of certain endowments. These endowments have to be replaced and for this purpose the Managers have taken out a Capital Redemption Insurance policy which will mature in twenty-five years.

A larger balance than usual has been carried over for 1936 to the General Fund, on account of the new sterilising equipment which has to be paid for early in that year. The total cost of the apparatus, together with expenses incidental to its installation is about £540.

In connection with the Annual Fête of 1929 an appeal was made for funds to provide a small quantity of Radium for use in the Hospital, and to augment the General Fund for Maintenance. The Fête Committee handed over £1,250 for the dual purpose. After purchase of a supply of Radium, a surplus remained of £221 4s. 7d. which was invested in 4 per cent. Consolidated Stock and held in reserve against a possible need for adding to our stock of Radium. Experience has shewn that such need is not likely to arise, and the Board are advised that this reserve may be used for general maintenance purposes. They have sold the stock and applied the proceeds accordingly.

### Grants from Central Funds

The following grants for purposes of maintenance are most gratefully acknowledged :—

		£	s.	d.
King Edward's Hospital Fund	...	280	0	0
Hospital Sunday Fund	... ..	50	0	0

King Edward's Hospital Fund has also most generously made further grants amounting to £500 towards the cost of the new wing, £100 coming from the usual distribution of Capital Grants, which takes place annually, and £400 from the special distribution made in honour of King George's Silver Jubilee from the accumulation of various gifts and unspent income.

### Subscriptions

Annual Subscriptions have shown a small but steady increase during the last few years and this has been maintained during 1935. The total for this year amounts to £482 14s. 7d. as against £464 5s. 10d. in 1934. Annual Subscriptions are a valuable form of help as they provide a reliable income from year to year, and attention is drawn to the blue leaflet inserted in this Report, showing how recovery of Income Tax may be obtained by the Hospital in respect of such Subscriptions, as well as to the pink leaflet, which contains a Form of Bank Order for the convenience of Subscribers.

### Donations

There has been a steady flow of donations into the Building Fund throughout the year, among which may be mentioned: £586 from the Fête Committee, £22 12s. 0d. from Miss Jean Boggon, £70 1s. 0d. from the residents of Hendon Hall Hotel on Christmas Day, 1934, and £129 0s. 7d. from Miss E. M. Webb, including tax thereon.

Donations to the General Fund show a satisfactory increase on last year. They include :— £200 from Alexandra Rose Day Committee (to which further reference is made below); £150 from the Herbert Chapman Club for the naming of a bed to the memory of Hendon's famous sportsman, £70 from the Hendon Borough Council, being part proceeds of the Royal Air Force Pageant; £30 16s. 0d. from the Hendon Golf Club; £25 from the Hendon Electric Supply Company's Hospital Saving Association Group; and £20 from the Bernhard Baron Trustees. The Managers are also deeply grateful for the support of the many other donors to the Building and General Funds, whose names appear in the lists towards the end of this Report.

### **Alexandra Rose Day Fund**

It was with deep regret that the many Charities which have benefited year after year by Alexandra Rose Day learned of the death, early in December, of its President, H.R.H. the Princess Victoria, sister of King George, and in July of its Organiser, Miss Christina May Beeman. Miss Beeman had been responsible for Alexandra Day for nearly a quarter of a century and the Managers take this opportunity of placing on record their grateful appreciation of her wonderful work.

### **Box Collections**

Owing to the tireless efforts of Mr. A. J. Watson, the Hospital's official Collector, box collections show a further increase. A total of £187 7s. 0d. was received during 1935, as against £163 2s. 6d. in 1934 and £137 13s. 11d. in 1933.

### **Fête Committee**

No special appeal was issued by the Fête Committee this year as so many efforts were being made in connection with King George's Silver Jubilee. The Fête took place on 1st June, and was opened by His Worship the Mayor of Hendon, Councillor (now Alderman) Brook Flowers, who was accompanied by Mrs. Brook Flowers. For the second year in succession the Hospital Fête, which is notorious for its bad weather, enjoyed a fine day and at the final meeting of the Committee for 1935, the Hon. Treasurer was able to hand a cheque for £586 to the Chairman of the Hospital. The Board take this opportunity of congratulating the Committee on the excellent organisation of its Fifteenth Annual Fête and of recording their thanks to Alderman and Mrs. Brook Flowers for their support and encouragement, as well as to the Hendon Borough Council for the use of the Burroughs Sports Ground.

### **Pound Week**

According to usual practice Pound Week was held early in October. The "Week" was still in progress ten days after it

had begun. The total weight of goods received was about 7,500 lbs., and the value was estimated at £180. Donations in cash amounted to £2 0s. 3d. Great enthusiasm was shown and the quality, as well as the quantity, of the goods was excellent. The Board of Managers are very grateful indeed for the generous response with which this appeal is always met.

### **Stock Exchange Dramatic and Operatic (" Help Yourself ") Society**

The sale of the Society's Annuals by and on behalf of this Hospital in 1934 resulted in a cheque for £39 18s. 0d. being sent from the Treasurer of the Society to the funds of this Hospital. The amount of money received by participating charities depends entirely upon the number of books they are themselves able to sell, and residents in the Borough of Hendon who purchase copies of the " Help Yourself " Annual are asked to do so from someone who is selling on behalf of this Hospital.

### **Thanks**

The Board of Managers again desire to express their sincere thanks to :—

The Medical Superintendent, Matron, Surgeons and Doctors for their untiring devotion, and to all members of the Staff of the Hospital for their loyal work throughout the year ;

The Clergy of the district for the frequency and regularity with which they have visited the Hospital to hold services and to cheer the patients ;

The League of Remembrance for the splendid help they give in making up gowns, caps, swabs, etc.

Subscribers and Donors, and to those who have given gifts in kind ; especially to members of Mill Hill Toc H for the eggs which they have sent month by month. (An average of nearly 500 eggs a month has been given to the Hospital through their efforts.)

Members of the Fête Committee for their enthusiasm and efficiency, and to everyone who helped to make the Fête a success ;

Those who have given time and work to the organisation of services, dances and entertainments in aid of the Hospital ;

The Head Masters and Head Mistresses of the Schools, and their pupils, for their continued co-operation, especially in regard to Pound Week, and the collection of metal foil ;

Those who have held collecting boxes during the year ;

The Lady Collectors who have secured a large proportion of the Annual Subscriptions ;

The Hendon Borough Council for facilities given for meetings of the Board of Managers and the Fête Committee at the Town Hall ;

Messrs. Price, Waterhouse & Co., for acting as Honorary Auditors, and to the Local Press for the immense help they give in making known to the public the needs of the Hospital;

The Honorary Secretary and Treasurer, and the Almoner and Assistant Secretary, for their services on the secretarial and financial side of the administration.

Signed on behalf of the Managers,

B. ERNEST FIGGIS,

Chairman.

5th March, 1936.

## REPORT OF THE ALMONER

During 1935, seventeen patients were sent, at the request of their Doctors, to Convalescent Homes. Admission was obtained by appeals for Subscribers' Letters, and the payment of such fees as the rules of the Homes required. To meet these fees grants have in many cases been obtained from various charities and insurance schemes and advances made where necessary from the Almoner's Fund.

Special grants have also been obtained in certain cases towards the cost of patients' treatment and maintenance in the Hospital and in others National Health Insurance affairs have been put in order so that sickness benefit could be received.

The year has been a busy one in the matter of road accident claims. A considerable amount of correspondence has been conducted on behalf of the patients and in several cases the whole matter has been dealt with by the Hospital's Honorary Solicitor, to whom both the patients and the Almoner are greatly indebted for his ready help.

Two or three chronic cases who were treated in the Hospital in past years have been kept in touch with and helped in various ways, and more suitable employment has been found for some of them who were working under trying conditions.

The Almoner desires to express her gratitude to those who have sent her Subscribers' Letters for Convalescent Homes and to members of the Rotary Club and other residents for the loan of their cars and for other services rendered to patients from time to time. She will always be grateful for Convalescent Home Letters.

NOTE.—Value of Site given to the Hospital not included in Assets.

A. G. PIKE, Hon. Treasurer.

We have examined the above Balance Sheet and the foregoing Income and Expense Account, and having compared them with the books and records of the Hospital we find them to be correct. We have verified the Investments and Bank Balances. To the best of our knowledge and belief the regulations of the Revised Uniform System of Hospital Accounts as adopted by the Central Funds have been followed in the preparation of the Accounts.

## NEW PAY BLOCK, ETC.

Facing page 39 is an illustration showing the front of the New Pay Block as completed.

The Block contains 20 beds for Private Patients. Its aspect is to the South-West, and care has been taken to secure the maximum of light and quietude in the rooms. It is hoped that the fuller provision of private wards at moderate fees, in a well-equipped modern Hospital, will meet the needs of many who in these times of economic pressure are unable to pay the charges of West-End nursing homes. The final cost of the Scheme, including the necessary enlargement of the Kitchen Wing of the main Hospital, is estimated at £19,500, and the Managers appeal to well-wishers, and especially to those for whose benefit the wards are provided, for contributions towards the balance of £5,500 that has yet to be raised. Donations of whatever amount, large or small, will be welcomed, and should be sent to the Hon. Treasurer, at the Hospital, by whom they will be gratefully acknowledged.

# REGULATIONS AS TO PATIENTS

---

## GENERAL WARDS

---

1. The Hospital is intended for the relief of those suffering from sickness or accident resident in the Borough of Hendon, and for accident cases therein.

2. Except in cases of accident or sudden emergency, before the admission of a patient to the Hospital, a letter (a form of which can be obtained from the Matron) should be sent to her at the Hospital (after ascertaining from her that a bed is vacant) containing:

(A) A statement, signed by one of the regular Medical Practitioners in the immediate neighbourhood, that from his personal knowledge the case is suitable and likely to be benefited by such admission.

(B) A guarantee, signed by some responsible person, for the payment of the sum required for maintenance, and for the removal of the patient if requested by the Board of Managers.

3. In case of accident or other sudden emergency the Matron may give provisional admission, sending immediate notice thereof to the Medical Officer on the rota for duty, who will give his directions for the retention or discharge of the patient. Persons residing outside the District who are admitted in emergency to the General Wards may be regarded as private patients and be liable for medical fees.

4. Cases of contagious or infectious disease, mania, epilepsy, or tuberculosis of the air passages, are not admitted.

5. Patients will be expected to pay for maintenance according to their means as ascertained from the inquiries made by the Almoner, but no case is refused admission to the Hospital on the ground of inability to pay.

6. Patients will not be allowed to go out of the Hospital grounds without leave from their Medical Attendant.

7. Any patient guilty of profane, abusive or unbecoming language or behaviour will be liable to dismissal from the Hospital.

8. The House Committee shall have the right, in consultation with the Medical Superintendent, to discharge any patient from the Hospital at such times as they think fit.

9. Patients will be required to make arrangements for the washing of their own clothes.

10. The friends of patients will be allowed to visit them between the hours of 2.30 and 4.30 on Sunday and Wednesday afternoons. All other visits (except to patients on the "danger list," who may be visited at any time) will be subject to special permission being given by the Matron, who will consider the convenience of the Hospital. Such visitors are strictly prohibited from bringing to a patient any articles of food or drink, not sanctioned by the Medical Attendant.

#### NURSING

Nursing will be carried out by the Nurses on the Staff of the Hospital, under the supervision of the Matron, and in obedience to the directions of the Doctor. If a special Nurse be required by the patient, an extra charge will be made for her fees, board and laundry.

The Nurses are not allowed to give more time to the patients than the exigencies of the case require, and patients must be willing to abide by the directions of the Matron on matters of Hospital discipline.

#### VISITORS

Friends will be permitted by the Matron to visit patients in the Private Wards at all times, subject to the convenience of the Hospital and to the directions of the Doctor attending the patient.

# FORM OF BANK ORDER

It is suggested that Subscribers should preferably adopt this Bank Order for their Annual Subscriptions, as it avoids all future trouble in paying the amounts, saves the expense of collecting, secures safe transmission, and is absolutely useless except to the Hospital. Bankers will, according to custom, pay the amount direct to the Hospital's Bankers. The Order may be withdrawn at any time, at the will of the Subscriber.
